KYP PROJECT

PLAN ✕ VERBIND ✕ VERBETER

THE **SUCCESS OF A PROJECT** IS BASED ON THE
COMMUNICATION BETWEEN **ITS PEOPLE**

PLAN

CONNECT

IMPROVE

Heijmans and KYP Project are collaborating to create a better construction process. Together we give interactive workshops to get everyone started. The workshops show the importance of working, informing and communicating together. This shows that Heijmans and KYP Project can improve the construction market together!

YOUR COLLEAGUES SAVE THIS USING KYP!

- An average of **8 hours** on creating the planning
- Approximately **2 to 3 hours** on phone calls in a week
- Between **30 to 45 minutes** every time changing the planning
- About **15 planning related e-mails** less every week
- An average of **10 minutes** with adding unworkable days

"KYP Project is a **very easy and simple tool** voor everyone. All parties are better informed about the current state of the project. This results in a better and more efficient daily stand. There is also hardly any miscommunication because every party has access to the same online and up-to-date planning." **Mario Dekkers, superintendent, Heijmans**
